

3 Tips on Getting Lost — and Loving It

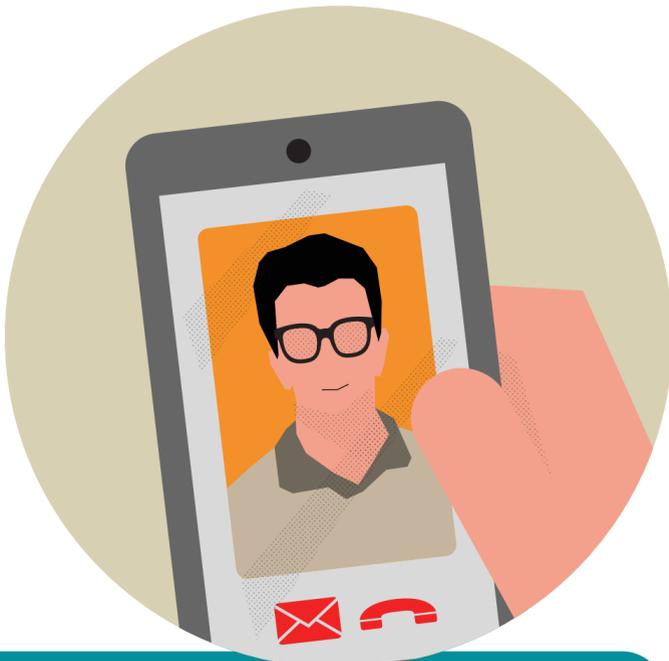

Lost? There's no need to panic — just treat it as a spontaneous adventure! Here are three simple steps to find fun in new places

Step

01

Seek an Expert

Use a friend-making app and get in touch with a friendly local near you who shares your preferences and quirks. Just remember to stop your car before getting on the app.

Step

02

Grab a Bite

Good food makes any unplanned trip worthwhile. Let your new friend suggest a local eatery, or simply follow your nose.

Step

03

Obtain Proof

Before heading off, take lots of Insta-worthy photographs (don't forget the wefies!) because your friends will say, "Pics or it didn't happen."
